**Murder Mystery Dinner**

# **LITTLE HOUSE OF HORRORS**

**Followed by Party Disco**

## **A Film Launch and a Murder!**

It's 1928 and the first talking pictures are delighting audiences around the world. Tonight is party night. You are all invited to the hotel to celebrate the success of Rod Ducer's latest blockbusting movie, Little House of Horrors. The guest list includes Rod's wife, Tricia Trove. Will she make one of her usual scenes? Will she be an embarrassment to all and sundry? Rod certainly thinks so and is making plans to get rid of her, once and for all.

Also on the guest list is Mr. Herbie Ravioli. Mr Ravioli is the financial backer for Rod's new movie, Little House of Horrors II, and being an Italian he is rumoured to have 'family connections'. Dick Shinnerly appears uninvited at the party. He is a script writer who was involved in the original film but now has issues with Rod regarding changes made to the script of Little House of Horrors. You will also meet Vicky Vicious, an up and coming young starlet. Rod found her in the gutter and takes great pride in telling all who will listen how he made her career and can ruin her if so desired.

The drinks are flowing, everyone seems to be in the party mood, when the police arrive and announce a murder. With your help the crime can be solved and the murderer apprehended.

We finish with a disco, so don't get murdered please as we need you on the dance floor.
